FIM-NA TRIALS CHAMPIONSHIP IOCO, Port Moody, BC Sept 8-9, 2018 A RECENT UPDATE FROM ROGER: Hi all; This just in from the CPTA Christy Williams Richards. Cheers - Roger Clarification on this weekend's CMA National/FIM NA Championship: To ride this weekend's event, you MUST have a spark arrestor. They are required and mandatory and will be checked at tech inspection. There has been rain, but the woods are still dry. Mountain Motorcycle has a limited supply that fits most bikes.

It is strongly recommended that you have your bike registered, but it will not be checked at tech inspection. As always, the CPTA encourages all it's members to follow BC laws, but we can't enforce it. Riders coming from the states should have some form of registration or proof of ownership to cross the border (those guys can enforce things). You need a CMA license if you are a Canadian rider. Good news if you don't have one... as of September 1st, CMA license fee is pro rated to \$30 for the remainder of 2018.
