

Tansky main riding at Jordan River

Last Updated Sunday, 28 October 2012

The Tansky main riding area consists of trails on crown land that is under stewardship of the VMC. The VMC has built several trails on about 5000 hectares of both forested and logged land. Tansky Main area is primarily enduro but is also well suited to trials motorcycles.

Tansky main riding area parking lot is located directly across from the entrance to China Beach provincial campground at Jordan River.

Please note that it is not safe to travel active roads during operating hours without proper communication. Travel should be planned for evenings and weekends. Following these procedures is essential to ensure that members of this club operate safely. If you must travel during business hours, it is essential that you contact WFP to arrange this by contacting the following person:

Marie Robertson, RPF
Operations Forester
Western Forest Products Inc.
Jordan River Forest Operation
(250) 646-2031 ext 228
