

Who runs this website

Last Updated Monday, 04 April 2016

This website is run by a VMC member who participates regularly in trials and enduro events. I've been riding since I was 10 years old and have owned many bikes including minibike, motocross, enduro, trials, street (and pedal) and have ridden but not owned cruisers. I have a keen interest in the motorcycle club and have served on the executive. I ride at the club regularly, and at the new Tansky main area which is becoming an excellent resource of well laid out trails. I commute to work daily and ride the local area extensively on my street bike with an affinity towards the curvy back roads of greater Victoria.

My interest in running this website is to make as much information as easily and reliably accessible as possible, thus generating as much participation and support from our members and guests as possible. Any content submitted to me will be put on the site unless it is irrelevant, offensive, or otherwise not suitable. The intent is to make this website suitable for all members of the family and your participation is encouraged. Much of the content of this site was in fact assembled by others and posted at their request.

The purpose of this website is to promote motorcycling on Vancouver Island and to establish a basis for members of motorcycle clubs as well as those unaffiliated to register their support for the sport of motorcycling in general. More specifically, registration is intended to indicate support for maintaining access to offroad areas for recreational purposes. Please register to show your support.

I

Requests for events etc to be posted will usually be honored within 48 hours, often sooner, however on occasion may be up to one week. Please plan ahead for your event and ensure that the poster is available well ahead of the event date to ensure that there is plenty of time for people to see it.
