

Does the VMC offer lessons?

Last Updated Friday, 23 May 2008

OFFROAD

At this time there are no lessons being offered however, on occasion, some training clinics etc are offered. These will appear in the events calendar and will detail the purpose and level of training offered.

For beginning riders, it is strongly advised that a motorcycling friend who is competent is asked to accompany the beginning rider at all times to provide training, support, and encouragement. This will lead to a safer, more enjoyable experience.

STREET

Training in the Victoria area is offered by the Vancouver Island Safety Council. Visit their website at <http://www.visafetycouncil.com/motorcycle/> to learn what they have to offer.
