

## VICTORIA MOTORCYCLE CLUB RESULTS

### Century Run X2 Road Ride August 2023

The Century Run Road Ride began in 1947 and was aptly named by **Joe (Pop) Hyde** as it was to be 100 miles long. He donated the perpetual trophy in that year. One hundred miles on mostly gravel roads in those days was quite arduous and mostly done on large displacement bikes. The organizer of the event, **Gary Nordstrom** decided to include the X2 as it would be over 200 kilometres. He also added a couple of classes to make the event more interesting. Riders were to follow a route sheet and make note of the kilometerage (mileage) at specific checkpoints. Scores were determined by the difference between the organizers readings and the competitors. A good time was had by all in near perfect weather. The results are as follows:-

1/ <b>Russell Blow</b>	1978 BMW 1000	1.2 Km
