It was one of the best areas for cross country riding on the southern Vancouver Island but it's all private property owned mostly by the logging companies. This particular picture is in the Burnt Bridge area but since the road into it from Burnt Bridge had been gated, it could only be accessed by vehicles from Duncan. It is Wild Deer Lake and we used to camp and ride there frequently in the 70's and 80's. There were other areas to camp, but this was one of the favourite spots.

Between there and Burnt Bridge, Eagle Heights, H Junction on the old Renfrew Road, Mt. Lazar, Waterloo Mountain and Survey Mountain, the area was laced with trails and many were used by the club for cross country events. We could basically ride for two days on the weekend and not ride the same trail twice. Lots of good memories emanate from those days as many of us had young families and it was a great place to teach them how to ride.

One such memory for me was the morning I stepped out of my camper with a cup of coffee and heard a large explosion. I wondered if the local inhabitant, **Fred Anderson**, was blowing something up but learned later that it was Mt. St. Helen's exploding in March 1980.

Another memory was the use of the I Found It Trail which circles Wild Deer Lake. When dry it was a fun ride but when the rains came, it flooded. In 1978 the Kirk Trial used that trail and many bikes had water (or mud) up to the motor. Someone had placed burls in the trail for traction but they were of no use as they were floating. There were a few that used "choice" words when exiting that trail. How memories keep "flooding" back !!

VINTAGE SPEAKING

A Brief History of the Marque NORMAN

Made in Ashford, Kent 1937 - 1961

Norman motorcycles were produced in Ashford in Kent from 1939 to 1962, by brothers **Charles** and **Fred Norman**. (**Charles** had created the Kent Plating and Enameling Company before World War 1).

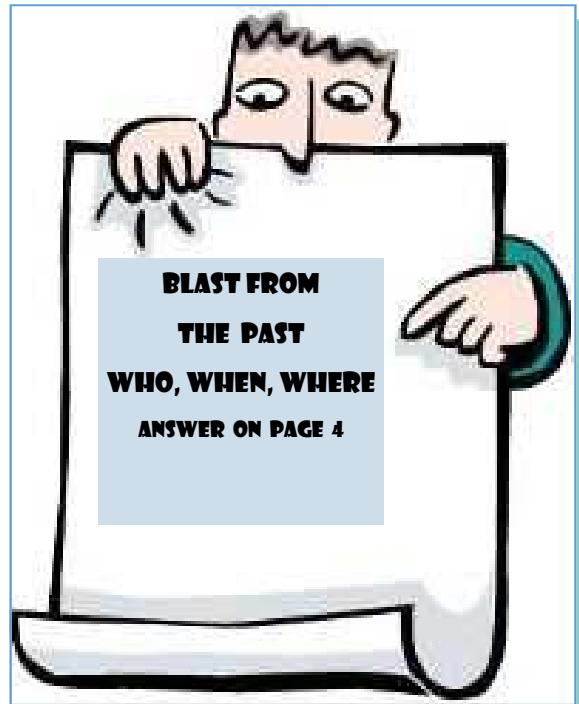

The brothers started out with bicycles in 1921, and in 1937 (or 38) began building 98cc Villiers powered autocycles (the Norman Motobyk) and later took over the Rudge 98cc Autocycle. They also built motorcycles powered by Villiers engines of 125cc to 247cc. Normans were rebadged as Rambler in some countries. Early postwar machines used British Anzani 250cc engines, but they soon reverted to Villiers. During the 1950s they produced trials machines, fielding eight of these in the 1954 Scottish Six Day event.

Norman bought the German Achilles tooling in about 1957. Both Villiers and Sachs engines were used in their Nippy mopeds of 1957.

In 1961 **Charles** and **Fred Norman** retired and sold Norman to the Raleigh group which produced machines for another year, in Nottingham, before ceasing production.

July 9th and fundraising continues for the Canadian Trials des Nations team. The team needs the support to be able to attend the Trials des Nations event in September in Auron, France. Previously a raffle was held and a trials school was already held in IOCO. The team was here at Cycle Park to host a school on July 8th & 9th. Eleven riders entered on the 8th and thirteen on the 9th to learn some of the skills of trials riding or to enhance what they already know. Teaching took place from 10 am to 4 pm both days and lunch was included. Club members **Melissa Andrist, Jenn Dickson** and **Alex Walton** were teaching on the 8th & 9th while the school on the 9th included **Steve Day** and **Sean Bird** from the mainland. A GoFundMe page has been set up at:-

A report by member **Dave McCullough** on the July 8th work party at Cycle Park to clear the Decent Enduro X course scheduled for the event on July 30th.

It was a beautiful warm sunny day. Thanks to the 11 people that came out to help fix and clean up the Enduro Cross area. It's looking great! One more day prior to the event on the 30th should be all that it needs. A few of the new members came out and it was really good to meet them.

We went down to the lower parking lot and joined in with the Trials des Nations Trial School for a BBQ lunch. Thanks to the T des N committee for hosting the lunch.

Next planned work day at the Enduro Cross track has been changed from the 23rd to the 29th of July. I am also looking for help on the event day.

Thanks - *Dave McCullough.*

It was a warm summer day for the running of the first annual Boomer Twin Shock Trial and Show 'n' Shine at Cycle Park. In memory of **John "Boomer" Gronow** who passed away last December, it was organized by **Dave Fair**, who had seven traditional checks laid out near the parking lot. Of the twelve twin shock bikes that showed up there was a good variety of makes with all ages riding them. Bultaco, Yamaha, Fantic, SWM, Honda and even a "lowly" Hodaka.

In the end, as no real scores were kept, or if there was, no one cared, **Dave Fair** was presented with the new trophy constructed by the **Gronows** for organizing a fun event. The impromptu Show 'n' Shine didn't really materialize.

Boomer was a VMC member through and through and a character one could never forget. Rest in Peace **Boomer!**

THE DREAM THAT MANY DON'T UNDERSTAND:- From **Dave Rhodes** Blog.

I bought the motorcycle for a personal dream,
One day when I am very old and can't walk anymore, she will be in my garage as a trophy of my memories,
I've met people who share my spirit and learned something from them,
I just got wet.
I've been caught cold.
I just got hot.
I was scared.
I fall down and I get back up.
I laughed so hard inside the helmet.
I talked to myself a thousand times.
I sang and screamed for joy like a madman and sometimes I just cried.
Saw beautiful places and had unforgettable experiences.
I've often made moves I'm proud of Others I was afraid of.
I stopped a thousand times to see a landscape and then share it with you.
I've been talking to perfect strangers and I forgot the people I see every day.
I hung out with my demons and came home with a feeling of absolute peace.
I've often thought how dangerous it was to know that courage was to keep going even when you're scared.
Every time I get on my motorcycle I think how wonderful it is.
I stopped talking to people who don't understand.
And I've learned to communicate with other motorcycle enthusiasts.
I've spent money I didn't have, giving up a lot of things, but all these things aren't worth a moment without my bike.
It is not a means of transport or a piece of iron with wheels, it is a part of my soul of my spirit of my DNA.
Walking to my bike Only people who love him with understand this.
Love my friends and their joy for life **AWesome!**
And the adventure continues ... my picture is one of those wonderful moments when you feel elsewhere.

Undoubtedly one of the toughest hard enduros in the world, the Red Bull Romanics, was held in the Romanian Carpathian Mountains on July 25–29th. Once again, congratulations are in order for member **Trystan Hart** who had a second place podium finish. KTM teammate **Mani Letenbichler** was one hour and 10 minutes ahead of **Hart** and took the top spot while Bulgaria’s **Teodor Kabakchiev** was third overall.

THE CIRCLE TOUR - BY ROGER BOOTHROYD

Gary and **Kelly Nordstrom**, Gary’s daughter’s father in law, **Guy Dean**, and I went for a ride on July 27th to shake off the cobwebs due to our lack of riding over the summer. The decision was made to ride out to Port Renfrew and up to Cowichan Lake commonly known as the Pacific Marine Circle route. This was to be a leisurely ride with a few stops along the way. Gary had an idea that he could use this route in a future road ride.

Meeting at Timmy’s on Jacklin Road around 9:45, we headed out the road to Sooke. The weather was perfect, not too cold or hot and no rain! Sometimes you can hit a wall of fog just past Sooke but we lucked out and had clear riding.

Guy Dean, Gary & Kelly Nordstrom
Photos by **Roger Boothroyd**

Traffic was light at this point with only a couple of minor work slowdowns and a pit stop at Jordan River, we reached the Coastal Kitchen Café in Port Renfrew at 11:30, just in time for lunch.

After filling up (food & gas) we crossed the San Juan River Bridge, passed by Fairy and Lizard Lakes and headed for Mesatchie Lake. On the way we stopped at the Big Spruce to enjoy the site of this magnificent tree.

On our way back to the bikes we were “treated” to another sight - two rather scantily clad young women with mothers in tow but none of us “took” notice as we *stumbled* through the path !

Heading for Mesatchie we passed many of the trails that were used in past Terra Nova Enduros. At the stop sign we turned towards Cowichan Lake and stopped at the A & W. It was here we parted company, **Guy** and **I** headed for Victoria and **Gary** and **Kelly** continued on the route using the old roads. It was a fun day enjoyed by all.

Hard to believe I once had a phone attached to a wall, and when it rang, I picked it up without knowing who was calling.

A report by member **Dave McCullough** on the Decent Enduro X event held on July 30th at Cycle Park. This special event, organized by **Dave**, and many able bodies, was a fund raiser for **Colbey Goodwin**, daughter of members **Ashley & Jeff Goodwin**. A link to GoFundMe has also been set up at:- <http://gofund.me/2755e80>

The course was prepped weeks ahead of time by a host of volunteers and was well watered to keep the dust down. It was a beautiful day and the weather was not too hot for the 24 riders evenly split between A and B classes. Nineteen volunteers were on hand to take care of all the various duties needed to put on an event such as this.

A few heats for both the A and B class riders were run first and then stopped for a BBQ lunch and continued with the main event after that.

There were many prizes generously donated by businesses such as:- **Kenco, Ladysmith Motorsports, Hoyne Brewing, Moto Seat Canada, Weaver Leathers, Westcoastees, Black Cat Studios.**

Winners:- A class podium— **1st - Everett Proctor 2nd - Braydon Taylor 3rd - Quinn McCullough**

B class podium— **1st - Tyler Pierce 2nd - Jared Hanley 3rd - Bill Tripple**

A **BIG** thanks to the many volunteers at the work parties and to the following on the day of the event:- **Dave & Quinn McCullough, Lindsay Oien, Leon Tulevski, Robin Crumbley, Clyde Jimenez, Reuben Mitchel, Ben Hircock, Brett Callaway, Bruce Taylor, Chris Lichty, Kevin Marshall, Colin Mac, Tim Cordner**

Thanks to all who turned out - **Dave McCullough**

Another old video sent in by member **Graham Turner**. Have a look at:- Terra Nova 2010 – 61 entries <https://youtu.be/EranmcmMmmk> Winner of the TN that year was **Mark Cahill** with **Graham Turner** second and **Gary Gronow** third. Senior “A” first was **Gary Nordstrom**, 2nd was **Ryan Young** and 3rd was **Andy James**. Senior “B” first was **Bob Wormald**, 2nd was **Dave Jensen** and 3rd was **Erick Holmes**.

GO TEAM GO

August 10th and a notice was issued to say that **Jenn Dickson** had broken her leg while practicing for the T des N. It was not doing anything crazy, just one of those awkward getoffs that can happen easily. She will carry on as one of the support staff and will be replaced by North Vancouverite **Jaclyn Delacroix** who is a top B.C. trials rider and mountain biker. We wish them all the luck.
