All results are in kilometers per liters

All results are after handicaps have been applied

(L) Means late penalty has applied

I would like to thank everyone for coming out to the ride. We had 18 riders show up on a very sunny day. We started at Tims by Home Depot and headed through the Highlands out to Lands End and back through Prospect all on back roads to lunch where we started at Tims. After lunch it was down Veterans to Sooke rd, Humpback and up and over the Malahat to some back roads in the cobble hill area. Then around Shawnigan lake to Mill Bay and up and over the Malahat to the chevron gas station in Langford. I would like to thank the checkers Roger and two unnamed hidden checkers.
