A total of 14 riders (13 members & one non-member) followed the route sheet and chose five cards to make a poker hand at the various check points. From the Royal Oak Shopping Centre, the route wound around the Cordova Bay and Beaver Lake area and around Florence Lake to the Island Highway. It was then up to Shawnigan Lake, through Cobble Hill and over to Cowichan Bay. Riders then went through Duncan and the Glenora area and back to the Island Highway and made their way to the Cobblestone Pub in Cobble Hill for the end and lunch. At lunch riders were given the choice of eliminating one of their cards and picking another. The first three places were awarded from this bonus pick. Total “kilometerage” was 83.2 KM but some made a few mistakes and ended up almost doubling that !!

Thanks to all those that participated and thanks to Martin Spriggs for his help.
