

A very small turnout of only 15 riders came to the ISTC property on West Shawnigan Lake to enjoy the very wet and windy weather!

The Lohrmann Trial is named after past member George Lohrmann, who was an avid trials rider, cross country rider, and past president, and yet another member we have lost to cancer! He was also instrumental in the VMC hosting its very first National Trial in 1985, an event that still is ranked as one of the best National trials ever run in Canada!

The rider's who did attend were pleasantly surprised that the sections were setup for the exact conditions that we were under, and not too difficult for all classes.

In the Junior class, Dale Sakaluk, who drove all the way from Courtney, and had never ridden or even seen a trial before, won his class! He edged out Rick Kool by 1pt to take the win.

There were no Intermediate rider's in attendance, but a very competitive group in the Sr. Intermediate class did battle all day with some very close scores. In the end, Kevin Couves edged out Dave Fair by 1pt, followed closely by Dave Bissenden who was 7pts back.

In the Sr. Sportsman class, Dave Nunn beat out Neil Cottier by only 5pts. The Sportsman class was won by Paul Lederis over another first time event rider, Jeremy McChesney.

In the Expert class, with top rider Thomas Cordner missing due to attending the Hare Scramble in Nanaimo, Matt Fracy and Andrew Watson battled closely all day. Matt actually led after the first two laps, but two bad fives on the last lap, and a great 6pt final lap from Andrew (Old Dart) gave him the win by 3pts.

Big thanks to Lorraine, Micaela, and Matt Fracy for all their help!
