## **POKER RUN ROAD RIDE RESULTS**

**On August 18<sup>th</sup>, sixteen riders, twelve members and four non-members, signed up for the annual Poker Run Road Ride. Starting at the Royal Oak Shopping Centre, riders were given their first playing card then followed their route sheets to the first check at Ma Millers for their second card. Rain started before the first check but, luckily, it ended before the riders reached the Shawnigan Lake turn off. Riders made their way to the second check in Cobble Hill where they picked up their third card. It was then on to the third check and fourth card in Duncan. Riders then made their way around Duncan, through Cowichan Bay and on to the Cobblestone Pub in Cobble Hill for the final card and lunch.**

**All riders were given a chance at discarding a card and drawing another which changed the results however, the closest to the committee's "kilometerage" proved to be the winner. Three entrants were tied and given another chance at discarding and drawing another card. All three were winners as the draw gave them the cards that they needed. The winners are:-**
