

VICTORIA MOTORCYCLE CLUB RESULTS

HILLCLIMB—SEPTEMBER 24, 2017

For the first time in ten years, the Club held a Hillclimb on the Club's property on Happy Valley Road. Extensive work had been done to the hill by an enthusiastic group of volunteers to prepare for this event. The hill had been extended with a slight dog leg at the top to approximate the same length as the Mount Douglas Hillclimb - 230 feet. A high berm had been built in the start pit to shield spectators from any small flying rocks and the timing tower had been repaired. Twenty-seven riders signed up to compete with a variety of bikes. Steve Drane was on hand with his Honda CBX to try and duplicate his Mount Douglas win. The results are:-
