Kirk Hare 'n' Hound—April 09, 2017

The Kirk Reliability Trial was started in 1930 and the trophy was donated by the now defunct Kirk Coal Company. It was originally a 100 mile event which combined riding checks and timed sections. This year it was run as a Hare 'n' Hound and only expert VMC members could compete for the Kirk trophy.

There were 129 entries and only 9 VMC members entered the Kirk. There were no entries in the Senior Kirk class. Other members chose to ride the Vancouver Island Hare Scramble series event.
