Nuts in May Road Ride Results - May 12, 2019

It was a sunny day, but on the cooler side for the annual running of the Nuts in May Road Ride. Conceived by former member Dave Shepherd (deceased) in 1975, member Graham Turner gave his riders meeting for the fifth time organizing this event. A low turnout this year, to be expected as it was Mothers day after all. Thirteen bikes entered with 8 members and 5 non-members. Following their route sheets, riders were treated to some great country roads in and around the lower island exploring Metchosin, East Sooke, Sooke, the Highlands and Central Saanich. The event started at Westshore Mall in Langford, lunch was in Sooke and the finish was in Brentwood Bay. Riders were tasked with finding various clues or objects, guessing the names of machine nuts and edible nut trees, keeping track of their mileage, and as a tie-breaker (which was needed for 3rd/4th place) guessing the number of nuts in a jar. Two points were given for every correct answer and a point was deducted for each KM off at each check.

Thanks to Graham for a fun ride and thanks to Judy Turner for handling the sign up. The results are:-

1) Russell Blow	30.6 points
2) Mike Iverson	28.3
